

Welcome Back!

We had a great first week back to school, and have welcomed new students in both the Red & Navy divisions!

Please Note:

There are no Pro-D Days in January.

Last year's salmon release event!

What's Coming Up?

- ◆ Monday, January 16- A Wrinkle in Time Film Festival for Red & Yellow Div. (We'll be watching the student-made films)
- ◆ Tuesday, January 17- Our salmon eggs arrive!
- ◆ Friday, January 27- Swim Day

Salmon in the Classroom

Every year at Magnussen, as part of the science curriculum, students help to raise a batch of Chum salmon eggs into the fry stage. Students participate in all aspects, including monitoring the tank's temperature & ph levels, feeding the fish, and learning about the salmon's life cycle. At the end of the project there will be a field trip to the stream at Spanish Banks where the fry will be released to continue their development into adult salmon.
